To whom it may concern

Weaver Wroot work to the highest possible standards for our clients, when that same standard of service is returned, we feel that recognition is deserved in return.

Directors

S Nixon FCCA

Over two years ago my wife Dawn and I commenced a project to completely rejuvenate our small back garden. We started with the disposal of a large tree and dilapidated shed and installation of new fencing and a new shed. This was then to be finished off by new turf, some new paving slabs and possible decking. Despite our original gardener promising to come back and finish off and us approaching numerous other gardening firms the work still remained to be done. They either didn't want the work, never came back when promised or did not respond to telephone calls.

Consultant

S Marley

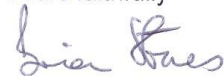

Upon realising that Empower dealt with landscaping and gardening we approached them to see if they would be interested in completing our project. Debbie and Bill came to see us, gave us some very good advice and suggestions and gave us a very reasonable price for the work to be done. At our convenience the work was then commenced and within a few days the work was completed to a very high standard and our small garden has never looked as good in all the years we have lived there. Furthermore, Empower's staff were polite, friendly and professional throughout and Dawn and I are absolutely delighted with the outcome.

Registered as auditors in the United Kingdom by the Association of Chartered Certified Accountants.

Therefore, Weaver Wroot, I and my family would not hesitate to recommend Debbie and Empower to anyone we know in the future who may require their services.

Regulated for a range of investment business activities by the Association of Chartered Certified Accountants.

Yours faithfully

Brian Stones
Client Manager
